

Makita

18V Line Trimmer

DUR181

Product Objectives

- Develop an 18V Line Trimmer that is lightweight, quiet and easy to use
- Designed to suit the needs of home users in residential applications to maintain the edges in the yard

Product Overview

Adjustable loop handle

Rotating head

Bump and feed head

Battery capacity lamp

Telescopic shaft

Product Specification Sheet

- **Adjustable loop handle** – The angle can be adjusted to suit user’s height and working posture
- **Rotating head** – 5-position pivoting head enables user to adjust cutting angle, allowing for trimming in tight places such as under the bench or easy trimming of edges
- **Bump and feed head** – Nylon cord can be fed from the spool by bumping the bump feed button against the ground
- **Battery capacity lamp** – will begin to flash when the capacity is nearly empty, will remain solid when battery is completely flat
- **Telescopic shaft** – adjustable in height from 1,229mm to 1,433mm allowing the user to operate the trimmer at an comfortable height

No Load speed	7,800rpm
Spindle size	N/A
Nylon head accepts nylon line	1.6mm x 8m
Max. cutting width	260mm
Noise	63dB
Overall length	1,433mm
Skin weight	2.8kg
Weight (with battery)	3.4kg
Voltage	18V

Advantages

Power

Makita built motor delivers 7,800rpm

Innovation

Adjustable 5-position pivoting head

Convenience

Compact size ideal for trimming and edging

Versatility

180 rotating head for trimming and edging
